"We have just received from Milwaukee, state of Wisconsin, America, a copy of a Hand-book, or Guide to that State, which is highly interesting and useful to emigrants, written and published by Mr. S. NOTICES TO BE READ!

RECEIPTS.—We request any person, who pays money, *at this office for* Subscriptions, Advertising or Job Work, to take a *receipt*, and if any have paid, recently, without taking them they will please call and get them. It is the only true way to do business.

PARTNERS.—We have no partner, nor partners, in the publishing business, as all may see, by looking at the head of our paper. We are morally, pecuniarily, and legally responsible for all debts contracted on account of the *Free Democrat*, by our order, or by any authorized business agent. Business men will please take notice and govern themselves accordingly. The business of this paper is not conducted on the free and easy, slip-shod pattern.

SUPREME COURT.—It will be seen by our telegraphic dispatch, that the Court refused to grant the delay asked by Gov. Barstow's counsel, and seem determined to press the matter forward. The case is now being argued.

THE news of the murder of Brown by the Border Ruffians, which has been doubted, is confirmed. Nothing but prompt action can now save Kansas from a bloody struggle.

LEGISLATIVE CONVENTION.

The Republican members of the Legislature held a caucus, last Tuesday evening, and determined on calling a Delegate State Convention, on the 12th of March, to appoint Presidential electors, and delegates to the National Convention, and do up the business of the party—all but the voting—for the next two years. It is true, the Chairman of the State Central Committee is to sign this call—and some other members of the Committee doubtless acquiesce in it, though some of them, we understand, have not given their assent to it—yet it is, to all intents and purposes, a Legislative Call, the time and objects of holding the Convention having been dictated by the legislative caucus, which has undertaken the office of dragooning the party up to Madison, in double representative file, on the 12th of March, while the legislative "lamp holds out to burn." It is quite as much as Republicans wish to bear, to recognize the authority annd tolerate the acts of a State Central Committee, one half of whom are Know Nothings, and were forced upon the Republican party by the agency of Know Nothings, in discharging the *ordinary* duties which devolve upon that Committee. But when, at the instance of the Republican members of the Legislature, who were never authorized to transact this business, the *extraordinary* step is taken of calling a convention to nominate Presidential electors, at this early day, without consulting the body of the people, without any intimation from a single Republican press that such a course was desirable, without precedent and against what large numbers regard as sound policy—when such a call is put forth by such authority, for such purpose, at such a season, we fee. that the time has come for a recurrence to first principles, and that unless the people take the organization and management of the Republican party into their own hands, we shall hereafter be in the power of Central Committees and Legislative Caucuses.

Delegate Conventions, at best, are but shrewd expedients for cheating the people out of their wishes, but a Delegate Convention thus hastily and prematurely called, under such auspices, is so evidently designed to take the control of the party out of the hands of the people and retain it in the hands of politicians, that unless an effectual remonstrance is now made against such a proceeding, there will be no remedy left but for the people to call a Mass State Convention and repudiate the whole movement from beginning to end, or else bolt the ticket which this Legislative Convention nominates.

Let us be distinctly understood. We are for a Mass State Convention of the People to reorganize the party, where the whole voice of the people can be heard and not the mere voice of a few managing politicians, but this convention should be held at a later day than is now proposed, and should not be, in any sense, a Legislative Convention.

We are, next, for a State Convention, Mass or Delegate, as the first Mass State Convention shall decide, to nominate Presidential electors after the Presidential nomination shall have been held. And by the action of such Conventions we shall cheerfully abide, and support with all our strength the ticket which they shall present. But whatever others may do, we give timely notice, that we will not be bound by the action of such a Convention as is now proposed to be held at the time and for the purpose suggested. We regard it as an outrage upon the party, and the effect of it as inevitable defeat. It is as much as large numbers can do, to endure the Convention system, at its best estate. But to have it forced upon us in such a manner, at such a time, for such a purpose, and on such short notice, is as intolerable a fraud upon the people's rights, as it would be for the present Legislature to, elect the next United States Senator.

OUR Madison correspondent endorses for Rev. Mr. Finney's theology pretty strongly, but we advise our readers to take the draft at some discount, unless they have heard him and can judge for themselves. Last evening he made a good address to a great audience, against Capital Punishment. It is a significant fact—which the churches and clergy would do well to note—that Mr. Finney's Sabbath evening lectures are attended by more people than all the other churches of the city combined.—And this has been the case for the last month.

THE editor of the Janesville *Gazette* gets on stilts, in speaking of the Elkhorn *Independent*, and says first, that it is a matter of perfect indifference to him what Mr. Densmore thinks of him or of his paper, and concludes with a boast that he would not "make an exchange of position or character with James Densmore." A *perfect* editor should be loth to change with any one. Self-righteousness is a great commodity.

THURLOW WEED BROWN, Esq., gave a very interesting lecture on Social Influences, at Jefferson, last Tuesday evening. We wish our citizens might hear him.

Fox River Valley Road.

A meeting, to forward this enterprise, was held at Young's Hall, Saturday evening, Byron Kilbourn in the Chair.

Mr. Belden, President of the Road, spoke at length, explaining the objects and advantages of the Road. Mr. Hadley also spoke at some length, advocating the propriety of building the Road so as to make the first 15 or 17 miles common for this and the Milwaukee & Beloit Road. Speeches were also made by Messrs. Kilbourn, Merrill, Holton, Rosebeck and others, and a committee appointed to cooperate with the officers of the Road in procuring subscriptions to the stock of the Road, consisting of Messrs. H. L. Page, C. Wall, S. B. Grant, J. Haskins, Metcalf, Merrill C. Comstock, C. W Perkins and J. Humphrey, who introduced the following Resolutions, which, after full discussion, were unanimously adopted as the sense of the meeting:

1. *Resolved*, That at this late day it is unnecessary to speak of the value of Railroads in developing the resources of the country through which they pass, or in adding to the wealth, business and population of the cities at which they terminate. The history of Milwaukee furnishes too marked an example of their beneficial influence to allow her citizens, distinguished for their energy and enterprise, to cease in their efforts until every mile of Territory tributary to her, shall be brought within her influence by the construction of Railroads.

2. *Resolved*, That we regard the construction of the Fox River Valley Road, as one of the most important projects which has ever been brought before the citizens of Milwaukee: and that we most earnestly urge upon all interested in her prosperity to contribute according to their means to accomplish this great object.

3. *Resolved*, That the city aid given to the various Railroads terminating at Milwaukee was a wise and salutary measure on the part of her citizens, from which they have already derived an ample reward in the increased wealth and population of their city, and believing that she is amply protected against all loss in the issue of her bonds, we feel no hesitation as citizens and tax-payers, in again calling upon her to aid in securing another avenue second in importance to none leading from Milwaukee into the interior of the country.

4. *Resolved*, That application be made to the Legislature and the Common Council of Milwaukee, for the issue of two hundred thousand dollars, to aid in the construction of this Road upon such terms and conditions as will amply protect the city from loss.

Rail Road Meeting.

A large and enthusiastic meeting of the inhabitants of Muskego, was held there on the 9th instant, and the following Resolutions unanimously adopted:

Resolved, That we, the inhabitants of Muskego, look upon Muskego Centre as the most feasible point for the Junction of the Milwaukee and Beloit with the Fox River Valley R. R., and that we are willing to aid and use every means in our power to accomplish this end, and that we ask the coöperation of Milwaukee and all other localities concerned in these two enterprizes.

Resolved, That the newspapers of Milwaukee and Elkhorn be requested to publish these Resolutions.

Kansas Matters.

The Kansas call for aid was presented by Gov. Chase, to the Ohio Legislature on the 5th inst., accompanied by a message refering in strong terms to the repeal of the Missouri compromise and the disturbances growing out of the repeal. The message was ordered to be printed, as were also a series of resolutions offered by Mr. Caldwell, calling on Congress to interfere in behalf of Kansas.

ALABNY Feb. 9.

The following communication was sent into the Assembly to-day, by the Governor:

LAWRENCE CITY, KANSAS, Jan 21.

TO HIS EXCELLENCY, GOV. CLARK:—Sir we have authentic information that an overwhelming force of the citizens of Missouri, are organizing upon our border, amply supplied with artillery, for the purpose of invading our Territory and our towns, and butchering our free citizens. We hope to be able to hold out until assistance reaches us, and we respectfully request on behalf of the citizens of Kansas, that such steps may be taken by the people of the States, as humanity suggests, to prevent the successful carrying out of inhuman outrageous deeds.

Respectfully signed,

J. H. LANE,
Chairman of Executive Committee.

G. K. ROBINSON,
Governor elect of Kansas.

G. W. DEITZEN, Secy.

Mr. Pendergast made a motion to refer to a special committee.

The reading of the document created much excitement in the House.

The Madison Journal

Notices, but does not copy the short article of this paper of two weeks ago, referring to the onslaught against the *Free Democrat*, makes no defense, but strives to affect a contempt for this paper, and to encompass itself behind its dignity. If affected dignity is the only defense it has, of course it must use it; and its own readers must determine the worth thereof.

But it does not state the *truth* in its notice.—It says this paper charges *it*, and *most* of the Republican press of the State, with bitterness and hate towards the *Free Democrat*. This paper named six Republican papers which it so charged. There are some twenty-five [thirty-two, at least—ED. FREE DEM.] Republican papers in the State; and such papers as the Kenosha *Telegraph*, Racine *Advocate*, Fond du Lac *Freeman*, Oshkosh *Democrat*, Berlin *Courant*, Monroe *Sentinel*, Lancaster *Herald*, with a dozen others of the very staunchest of Republican papers, do not sympathise with the course of the *Journal*.—*Elkhorn Independent*.

THE LAND-GRAB SYSTEM.—It will be seen by the vote on Mr. O'Neil's Resolution, that the Republicans in the Senate stood—*six* in favor of, and *seven* against Land Swindles, and that all the Democrats but Mr. O'Neil, voted for Land Monopoly.

ENTERPRISE.—Our enterprising neighbor of the *Wisconsin* published last Friday, the proceedings of the Pioneer Festival, which is not to be held till next Wednesday.

CORRECTION.—We are reminded by the *Argus*, that H. H. Gray, of the Assembly, introduced the Joint Resolution for investigation in the condition of the State Treasury, and not Mr. Harvey of the Senate, as our report has it.

ARRIVAL OF STEAMER TENNESSEE.—The Str. *Tennessee* arrived at New York, on the 9th inst., bringing dates from St. Thomas to the 1st inst. Cholera had entirely disappeared from province Carracas, but was committing awful ravages in other provinces. Political affairs quiet. No sickness at St. Thomas, but reports state cholera was raging with terrible fatality in Porto Rico, from Nov. 21st to Jan. 3d. There had been 12,500 cases, of which 5,200 proved fatal.

Special Correspondence of the Democrat.

MADISON, FEBRUARY 9th, 1856.

"Drumming in" is a term familiar to politicians. It is a "dose" that party M. D.'s always apply to refractory members—sometimes with success, but occasionaly meeting a decided failure. I was led to think of this by the action of a recent democratic caucus. Now be it known, there are a few in the ranks of the democracy, who are not willing to sacrifice principle altogether to party, not willing to bend the knee to the dictation of others, not willing to forego their privilege of thought, nor their right of free speech. Well, all this stubborness, or rather all this manliness, is a source of continual annoyance to the democratic partizans, and they have exerted all their power to try and bring in the "refractory spirits," among 'the faithful." But all their efforts have proved futile, and a democratic caucus was called the other evening, where the subject was warmly discussed, and all those members who were not willing, blindly to obey the dictates of party, and by such obedience, acknowledge allegiance to slavery, and antagonism to Freedom. All such, I say, were not allowed in the "solemn conclave." This little break in the harmonious ranks of the hitherto unterrified democracy, was brought about by the introduction of the Jeffersonian resolutions of which I have spoken, by Mr. Knowlton, which will soon be presented to the Assembly (in the shape of a bill) by the select committee to which they were referred, and recommending their passage. Then may we expect a hot debate. The democracy will appeal to the American eagle (that much-abused bird) and the "*spar spangled* banner." They will dwell upon the glories of our Union (which a passage of such fanantical resolutions will tend to sever) and with tears in their eyes, beseech the worthy Legislators, as they "vally" peace, harmony, and the "good will of Barstow." As they expect to become postmasters, or county clerks, and to retain the confidence of the State and National Administration, to vote against resolutions drawn up by the father of the real democratic party, but which are now adverse to the spirit of the fallen democracy.

I know, I say, these appeals will be made, in language more eloquent than I can frame, and and yet do I hope that there are enough members of the Assembly, possessed of sufficient manhood to act according to the dictates of their conscience, and the better instincts of their nature. If such there be, the resolutions will pass successfully—We shall see.

A bill was introduced by Mr. Crawford, yesterday afternoon, to divide the county of Milwaukee, and erect the county of Lake. I give a synopsis of the different provisions.

Section 1st, Provides that all that portion of Milwaukee not included within the corporate limits of the city of Milwaukee, is constituted a separate county, under the name of Lake.

Section 2nd, Provides for the county of Lake with all the rights and privileges enjoyed by other counties.

Section 3rd, Designates the 1st Tuesday in April next as the time for the election of county officers.

Section 4th, Specifies the manner in which the electors shall be notified of such election, and the manner in which the votes shall be canvassed.

Section 5th, Provides that Wauwatosa shall be the county seat of the new proposed county of Lake, and that the second District Court will hold their sessions in that village, commencing the third Monday of April, and the first Monday in November.

Section 6th, Provides that the present indebtedness of Milwaukee county, shall be discharged by the counties of Milwaukee and Lake, *pro rata*, according to the last assessment.

Section 7th, Provides that neither of the counties shall have a claim against each other, on account of County buildings, or other county property therein situated.

Section 8th, Provides that all legal processes commenced in the Circuit Court of Milwaukee, shall be brought to final judgement, the same as though this act should not have been passed.

Section 9th and 10th, Proscribe the first duties of the board of supervisors of the county of Lake.

Section 11th, Establishes the validity of judgements entered in the Circuit Court of Milwaukee County, up to, and inclusive of the ensuing February term, against such citizens, as, by this act, are made citizens of Lake County.

Section 12th, Provides that the act shall be immediately published, and go into effect, from and after the date of its passage.

The Senate was very busily occupied yesterday afternoon, in doing nothing, and became so exhausted by their herculean exertions, that they adjourned over until Monday at 3 P. M., to recover from their fatigue, and recuperate their enervated systems.

In the Assembly this morning, a petition for the restoration of the death penalty, was presented, and also a petition for a prohibitory Liquor Law.

The speaker thought the first petition was one that demanded attention, and on motion, a joint resolution was adopted, authorizing a committee of 3 (2 from the Assembly, and 1 from the Senate) to make an early report.—Messrs. Farr and Knowlton, were appointed by the speaker from the Assembly.

A memorial to Congress to build an U. S. Court House and Post Office, was adopted, and Assembly adjourned to 3 o'clock Monday.

Mr. Finney gave us another able and beautiful lecture, last evening, upon the approaching crisis. He really took the Senate by storm.

Governor Bashford has returned to Madison, where he will remain for a time.

C. V.

MADISON, Feb. 8 1856.

I learn that one of the main objects the State Central Republican Committee have in view in calling the Republican Convention, of which I have before spoken, is to hear reports from the delegates to the Pittsburgh National Consultation meeting which is to be held on the 14th, so as to second any action, in our State, which the National Convention may deem it best to pursue. The importance of this object would seem, of itself, to be sufficient to authorize the Central Committee in calling a State Convention. It is absolutely necessary that we should have a better and more thorough organization, and that a settled and systematic plan of action should be determined upon for the ensuing campaign. Nor do I conceive that this end can be attained in a better way than the one proposed, for though I am opposed, as a general thing, to the delegate Convention system, I regard it as absolutely necessary in the present state of affairs, and think it demanded by necessity I hope, therefore, that the Republicans in every part of the State will second the call of the State Committee as soon as it is made, and see that they are well represented by "good men and true."

Prof. S. G. Finney, of Milwaukee, gave us a fine lecture, last evening, against Capital Punishment. His arguments were forcibly put, and well backed by facts, and he grew, at times thrillingly eloquent as he warmed with his subject. Mr. Finney is most certainly an able and telling Speaker. He strikes like a sledge-hammer, crushing and sweeping away any opposition he may be obliged to encounter, and yet his theories are so beautiful, and his philosophy so correct, that he ever awakens admiration, if he does not always effect conversion. Mr Finney is a Reformer in the fullest, truest meaning of the word. He seeks to elevate humanity, to aid the cause of progress and reform and there are none in our wide land in whose hearts a single instinct of freedom lurks, or from which a warm and generous impulse springs, that will not bid him God Speed in the good work to which he is devoting his talents, genius and energies. Mr. Finney lectures in the Senate Chamber, this evening, upon the "Approaching Crisis." The Senate having allowed him their room after a little discussion upon what the "Approaching Crisis" was. I imagine they will find out.

In the Senate this morning the following resolution was adopted.

Resolved That the Sergeant at arms of the senate be requested to demand of the sergeant at arms of the Assembly the quota of printed bills which belonged to the Senate, and that the same be distributed in the Senate and at the same time they are distributed in the Assembly.

Another resolution that the chief Clerk of Senate be instructed to have printed 150 copies of each bill originating in the senate, unless the printing thereof be entirely dispensed with, was taken up.

Mr. Barber moved to amend by inserting "hereafter" Mr. Sutherland also offered as an amendment to insert "which shall be classified with general laws," both of which were adopted and the resolution as amended was passed.

The following preamble and resolutions were after a little discussion passed.

Whereas, the trustees of the "institute for the education of the deaf and dumb," ask of the present legislature a large appropriation to aid in the erection of buildings for said institution.

And, Whereas, the state has only expended on the buildings now occupied by said institution, about eight thousand dollars, which may be readily realized by selling the same; whereas, the village of Delavan is a remote place which is difficult of access to most parts of the State therefore.

Resolved, That the Committee on State affairs be instructed to enquire into the expediency of looking for a more appropriate and permanent situation for said institution, as well as for the erection of buildings for the same and that they be requested to report by bill, or otherwise, at as early a day as possible.

A resolution was also adopted that the treasurer of the State be requested to report to the Senate, the balance due from Edward H Janssen, late treasurer of the State, on account of all funds payable into the State treasury; specifying on account of what funds the same is due, and the amount due to each fund.

There was some discussion upon a resolution offered, some days since, by Senator O'Neil, upon the land grant question, which satisfied me that a decided majority of the Senate are in favor of land grants, which is synonomous with land swindles. The following may be regarded as a test vote, those voting in the affirmative being against, and those voting in the negative in favor of land appropriations.

A Joint Resolution from the Assembly was adopted by the Senate, authorizing a Committee to examine into the books and affairs and the manner in which the school and university lands have been sold, and giving the committee power to send for persons or papers to aid them in their investigations.

Mr. Sutherland, chairman of select committee on that part of the Governor's message referring to the Prohibitory law, reported favorably to such a law, and against the arguments and conclusions of the Governor.

Senate adjourned to 3 o'clock P. M.

In the Assembly a bill was introduced repealing Sec. 6, Chap. 13, Revised Statutes, providing for the salary of County Judges. The bill provides for the first 10,000 inhabitants $50 per annum per 1,000; for the second 10,000 inhabitants $40 per annum; for the third 10,000 inhabitants $30 per annum per 1,000, and for every additional 10,000 inhabitants $10 per annum per 1,000. There is also a provision in the bill for decreasing the extra fees of said officers.

Another bill was introduced by Mr. Knowlton to prevent fraudulent voting.

A resolution was offered by Mr. Mills that a select committee be appointed by the Chair, of which James H. Knowlton shall be Chairman, who shall report to the Assembly all the facts they can ascertain in reference to the swamp lands donated to the State by the United States, and whether the title of the State to said lands is so complete that the Legislature can have the entire control of them.

A bill was introduced and referred to the delegation from Milwaukee, which provides for the division of 1st and 2d Wards, so as to make two Wards of each, and changing the time of the city election to the 1st Tuesday in April. Also extending the North line of the city to the north line of the School Section, making it a continuation of the same, and attaching a tier of sections on the South to the city.

Assembly adjourned to 3 P. M. C. V.

ARRIVAL OF THE STR. PERSIA

Late News from Europe—Negotiations for Peace.

NEW YORK, Feb. 9.

Persia arrived at her dock at 10 A. M. Left Liverpool on the 26th, bringing London papers of Friday, and telegraphic dispatches of Saturday.

Steamer Belgique came near foundering at sea, having sprung aleak 700 miles west of Lizard, but was kept afloat until reaching Southampton, when it was found she had from 4 to 6 feet of water in her hold, and one boiler burnt out.

Steamer Arago arrived at Southampton midnight of the 25th.

Kelley & Gilmour, merchants, failed.

Russia's sincerity is as much questioned as on former occasions, but appearances are all fair, and straight forward.

The Czar has ordered his army in the Crimea to cease hostilities, without waiting for formal armistice, although it is rumored that an armistice is agreed on for three months.

France, England and Austria continue in accord, although it is foreseen that grave questions must arise. Baron Brunow will be Russian plenipotentiary, and it will be February 2d, at least, before all preliminary signatures are appended to agreement to meet.

Consols keep up. They had reached 91, but closd 90⅞@90¾. Money slightly easier, but rates unchanged.

Flour—slow sales western canal at 40 Ohio 42. Wheat rather improved: demand 10s10da 11s3d; red 11s9da12s; white indian corn 6d lower; mixed and yellow 38s6d; white nominally43s.

Provisions quiet—little change. Lard dull—nominal, 65.

Baring reports iron in demand; £8a8 5s for bars and rails, pig 76s. American stock improved—demand dearer. Bullion has increased £800.

The latest London Daily News learns on undoubted authority that preliminaries of treaty will be signed probably before Tuesday—certainly before meeting of Parliament. An armistice will be constituted after signing preliminaries, and negotiations with view to finally compromise treaty, will be commenced immediately. It further learns that it is the determination of the Allied power to exercise the full extent of the right reserved to them by the 5th article of the Austrian proposals, to bring forward additional stipulations for the general interests of Europe.

Despatches from Berlin state that the peace proposals were strongly supported at St. Petersburgh, and Holland.

The money market in stock exchange was rather stringent. Lenders could easily get six per cent on good securities. Out doors however there was no tightness. The London Times intimates that Lord Clarendon will represent Great Britian at the conference which will probably be held at Frankfort, after preliminaries of peace are signed. Baron Brunow and Count Orloff, will appear on the part of Russia.

Further details of the *Persia's* news, relate that the most strenuous efforts are now being made to confine England not to insist on Russia's disarming the eastern coast of the Black Sea, and that this is strongly opposed.

The news is confirmed that orders to suspend hostilities in the Crimea, have been sent from St. Petersburgh, and that Paris will probably be the place of conference. A like convention between Tuscany and Rome, is anticipated.

Parliament is to be opened by the Queen in person. The address to the Lords will be made by Earl of Gosperd and seconded by the Earl of Addington.

THE EAST.—The firing continues on both sides at Sebastopol with little damage. The allies have blown up two of the locks.

The Russians had taken up winter quarters at Simpherpool, and Bakschi Searoi at Kemburn, they had 30,000 men between Pelwrka and Otshkoff, and fears were entertained of an attack on the fortress, the garrison has been reinforced. The flotilla was frozen in, but would aid in the defence.

Gen. Vivan fearing to be attacked at Kertch, has called for officers of Infantry and Artillery from Constantinople.

All sorts of contradictory rumors in regard to peace. France and England are proceeding with warlike preparations, as if the war to be prosecuted vigorously. Prussia remains in the back ground, watching her opportunity.

Kortch had been fortified by trench and parapet, and the Anglo-Turkish officers of artillery at Constantinople had been ordered to Kertch.

LIBERIA.—The natives had attacked the English and American settlements, and had wounded several Liberians, and the English had burned several native towns at Sinon.

A volunteer corps was raised to dispatch immediately to Sinon by the American schooner *George*. An attack was also expected on Cape Mount.

NEW YORK, Feb. 9th.

The *Star of the West* sailed from New York for Nicaragua, with about 700 passengers, the great bulk of whom, it is asserted, will join the Walker party. The United States Marshal and Deputies went aboard the steamer just before her departure, but no arrests were made. Among the passengers were Messrs. Morrison, Lester and Mato, who were arrested at the time the *Northern Light* was detained.

Strong apprehensions felt here that some disaster has happened to the steamer *Pacific* which left Liverpool the 22d; her agents have decided to dispatch a steamer in search of her.

SAFETY OF THE BARQUE AMELIA.—The Barque *Amelia*, which was seized at Port au Prince, last November, on suspicion of being a slaver, and which was dispatched to New York, in command of some U. S. Mid Shipman, had put into St. Thomas, West Indies, in a leaking condition. Fears were entertained for her safety, and the Secretary of the Navy had sent a sloop-of-war in search of her.

WM. CULLEN, Clerk of the House, has appointed W. P. Ingraham, of New York, chief assistant Clerk.

SAILED.—Madame Rachel sailed from New York, for Havre, on Saturday, fifth inst., in the Str. *Fulton*. The same steamer took out 50 passengers, and nearly $80,000 in specie.

A MAN, at Branch Mills, Manitowoc Co., last week, dislocated his shoulder and broke his collar bone, by jumping from a sleigh, while it was in motion.

Certain portions of the work were not within the specifications of the contract and therefore the committee reported against the allowance of pay therefor. They also reported against the allowing for certain portions of work imperfectly done. The committee reported for adoption of the following preamble and resolution:

Whereas, Abel Hawley has neglected to perform the contract made and entered into with the city of Milwaukee, for the dredging of the Milwaukee river:

Resolved, That the city attorney be, and he is hereby directed to investigate the extent of the liability of said Hawley, and his bail for the non-performance of said contract, and to institute legal proceedings against said Hawley, and his sureties, to recover damage for the non-performance of said contract, and the monies paid on said contract—adopted.

Ald. Haertel reported in favor of allowing $20 to each fire company for fire at engine houses during the winter—adopted.

Also the following which was adopted: that $50 be appropriated to fire companies, which have been in active service since July 1855.

Also a contract for building a new fire engine—confirmed.

The mayor presented the fourth return of the chief of police.

Ald. Haertel offered a resolution extending the time for settling with the city treasurer for taxes one week—adopted.

Ald. Howers offered a resolution for remission of taxes to George Cogswell—adopted.

Also a remission of certain taxes to Wm. Taitnor—adopted.

Also an ordinance to establish a dock line on the West side of the Milwaukee river from the Menomonee to the south side of Spring street—passed.

Ald. Mitchell offered a resolution authorizing the bridge committee to procure plans and specifications for the construction of a bridge at Oneida street—adopted.

Adjourned for two weeks.

WEEKLY REVIEW.

Office of the Free Democrat, Milwaukee, February 11, 1856.

Business, during the past week, has not been more than usually active, though the receipts have been tolerably fair. A decline in prices was anticipated on the arrival of the last steamer, but her news had no material effect on the New York market, it remaining as firm as usual.

The receipts of produce by Railroad for the past week were as follows:

Wheat, bus	15,426	Corn	679
Barley, bus	861	Rye	198
Hogs	313	Flour, bbls	1,080
Butter, kegs	5	do sacks	366
do firkins	30	Game, bbls	2
Poultry, bbls	3	Pelts, bdls	202
Hides	162	Grass seed	60
Deer	15	Oats, bus	30

Our merchants and business men are making extensive preparations for doing a large business during the ensuing season, and, we think the indications warrant them in so doing, as the coming year will probably be the most prosperous time Milwaukee has ever known. There are now five Railroads leading from the city, into the interior, and the travel and freighting business over them will without doubt, be immense, and our city will just begin to feel its capacity for, and the benefit of such commerce.

The improvements which will be made in this city during the coming six months will be on a most extensive scale. Beside the new Hotel, there are many other splendid stores and dwellings in contemplation, some of which are already in progress. It is our opinion, that $2,000,000 will be added to the wealth of this city, during the year, in the valuation of improvements that will be made, saying nothing of the rise in real estate.

The money market is rather stringent, both here and in New York, and borrowers are paying a round rate of interest even on first-class securities.

From all we can learn, the prospect of a large wheat crop is very fair. No certain opinion can be formed at present, but our farmers think that, notwithstanding the unprecedented severe cold weather, there has been sufficient snow to protect the wheat from any material injury.

The weather for the past few days has been varied, the fore part of the week being cold and stormy, and the latter, pleasant and comfortable, and yesterday, (10th inst.) was the first real warm and pleasant day we have had since the commencement of the cold spell, in Dec. last. A fall of snow of some six inches, on Wednesday evening last, served to improve the sleighing decidedly, and it is now super-excellent, and everybody seems to be improving it.

In regard to our Railroads, we can say that they are making very rapid strides forward to completion. The Mil. & Miss. R. R. Co. have their route nearly all graded between Madison and Prairie du Chien, and their branch from Janesville to Monroe, forming a portion of the Southern Wisconsin R. R., is now in process of construction.

The city of Watertown, by a unanimous vote, has recently decided to loan its aid, to the amount of $200,000, to the Madison and Watertown Railroad Company, which ensures the completion of that much needed route, at an early day.

The La Crosse Road will be completed to Beaver Dam, 61 miles distant from this city, in a few days. The Company last week elected a new board of directors, or rather re-elected a majority of the old board, who elected Byron Kilbourn, the efficient Superintendent, not only to the latter office, but also to the office of President of the Company.

The Milwaukee and Horicon Railroad will be completed to Waupun, in a few days, and we expect to have a Railroad connection with Berlin, Marquette Co., by this route, within a year from this date.

Our citizens are waking up to the importance of another Railroad enterprise, recently presented for their consideration. We refer to the Fox River Valley Railroad, now in operation 34 miles, from Elgin, Ill., to Richmond, a place about three-fourths of a mile south of the State line. The Road is also partially graded from the latter place to Rochester, Racine County, and will probably be completed to that point during the summer or autumn. Our citizens are asked to build the Road from this city to Rochester, by way of Hale's Corners and Muskego Centre, a distance of 25 miles, thus ensuring a connection with the whole system of Illinois Roads, and giving the whole of the rich agricultural region of northern Illinois an outlet to Milwaukee. This road must inevitably be speedily built, as there is not the slightest doubt but that it will be one of the best paying roads in the West, and we hope to see our citizens, and the farmers of the country lying adjacent to the proposed route, subscribe liberally to the stock of the Company. A meeting was held in this city on Saturday evening last in reference to this road, a report of which will be found elsewhere.

Great Cure of Rheumatism in Cincinnati, Ohio. Convincing Evidence.

For more than three years I have been suffering with Rheumatism and enlargement and pain of the bones and joints. I have strictly followed the advice of physicians, and at other times have used such family medicines as had been recommended for the cure of Rheumatism;—still I did not improve in the least, and was frequently compelled to keep my bed, and thereby was prevented from attending to my business. Some weeks I was induced, by a friend, to try Carter's Spanish Mixture. The effect was miraculous. I felt considerably improved after I had taken the fourth dose; I have only used one single bottle and am entirely free from all pain. I feel better than I have felt for years, and attribute my completely-restored health solely to the use of Carter's Spanish Mixture. I consider it a most excellent medicine for Rheumatism and all diseases of the blood, and cheerfully recommend it to the afflicted. D. BURRITT, South-east corner of Fourth and Walnut sts.

MORE CURES.

PHILADELPHIA, 3d mo. 20, 1850.

Respected Friend:—I had, for several years, been afflicted with *Dyspepsia*, and occasionally *General Debility*, accidentally tried thy medicine—Hoofland's German Bitters—in the first place, upon a daughter, she having a severe spell of sickness. Thy Hoofland's German Bitters had such effect upon her general debility, that I was induced to try it myself. I then got a bottle, and used it according to the directions, and it relieved me more than anything I had before used, giving general tone and strength to the stomach and system. Last fall I had a very severe spell of the Diarrhoea, which continued for some time. My life, for a time was despaired of. The Bitters again being used, acted very happily upon the stomach and intestines, and soon relieved me from the great pain I suffered, and gave me general health to the system. I consider it, doctor, one of the most valuable medicines I ever used, and shall take great pleasure in recommending it to others.

Very respectfully thy friend, SAMUEL HUTTON, No. 5 Jenning's Row, Catharine, above Third.

THE OLD EAGLE GOING IT WITH A RUSH
The Eagle
STEAM FOUNDRY
OF
TURTON & SERCOMB,
296, 298, 300, 302 and 304, West Water Street

IS still in full blast, working day and night to supply the daily increasing wants of the Badger and other States.

In order the better to do this the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planeing Machine or Shaping Machine, three Lathes, and a machine for making bolts, and are now putting in a Steam Engine of —horse power to drive the whole, thereby adding to their former facilities for the successful carrying on of the Foundry, Machine, Engine, and Blacksmithing business. They never were in a better position for doing business, and defy competion in any department.

In regard to the character of the work got up by this, *The Oldest Establishment in the State,* the Proprietors refer to that in successful operation thro' the country as their best recommendation, as it can speak for itself. All they can say is, that they are both PRACTICAL MECHANICS, and know how work should be done as well as the next man. They continue to manufacture **Flour and Saw Mill Gearing and Steam Engines,** on the most approved principle.

They have always on hand a large stock of BRASS WORK, such as *Guage and Cylinder Cocks, Oil Cups & Cocks, and Steam Whistles.* Also *Turton's Files,* which they will sell at the lowest cash prices.

They are also Agents for *Eastman's Patent Steam Guages,* which are well worth the attention of all who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends, and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the Old Eagle worthy of the reputation it has already gained.

Their motto is, "*Excelsior.*"

AYER'S PILLS.
FOR ALL THE PURPOSES OF A
FAMILY PHYSIC.

THERE has long existed a public demand for an effective purgative pill which could be relied on as sure and perfectly safe in its operation. This has been prepared to meet that demand, and an extensive trial of its virtues has conclusively shown with what success it accomplishes the purpose designed. It is easy to make a physical *pill,* but not easy to make the best of all *pills*—one which should have none of the objections, but all the advantages, of every other. This has been attempted here, and with what success we would respectfully submit to the public decision. It has been unfortunate for the patient hitherto that almost every purgative medicine is acrimonious and irritating to the bowels. This is not. Many of them produce so much griping pain and revulsion in the system as to more than counterbalance the good to be derived from them. These *pills* produce no irritation or pain, unless it arise from a previously existing obstruction or derangement in the bowels. Being purely vegetable, no harm can arise from their use in any quantity; but it is better that any medicine should be taken judiciously. Minute directions for their use in the several diseases to which they are applicable are given on the box. Among the complaints which have been speedily cured by them, we may mention Liver Complaint, in its various forms of Jaundice, Indigestion, Languor and Loss of Appetite, Listlessness, Irritability, Bilious Headache, Bilious Fever, Fever and Ague, Pain in the Side and Loins; for, in truth, all these are but the consequence of diseased action in the liver. As an aperient they afford prompt and sure relief in Costiveness, Piles, Colic, Dysentery, Humors, Scrofula and Scurvy, Colds with soreness of the body, Ulcers and impurity of the blood; in short, any and every case where a purgative is required.

They have also produced some singularly successful cures in Rheumatism, Gout, Dropsy, Gravel, Erysipelas, Palpitation of the Heart, Pains in the Back, Stomach, and Side. They should be freely taken in the spring of the year, to purify the blood and prepare the system for the change of seasons. An occasional dose stimulates the stomach and bowels into healthy action, and restores the appetite and vigor. They purify the blood, and, by their stimulant action on the circulatory system, renovate the strength of the body, and restore the wasted or diseased energies of the whole organism. Hence an occasional dose is advantageous, even though no serious derangement exists; but unnecessary dosing should never be carried too far, as every purgative medicine reduces the strength, when taken to excess. The thousand cases in which a physic is required cannot be enumerated here, but they suggest themselves to the reason of every body; and it is confidently believed this pill will answer a better purpose than any thing which has hitherto been available to mankind. When their virtues are once known, the public will no longer doubt what remedy to employ when in need of a cathartic medicine. Being sugar-wrapped they are pleasant to take, and being purely vegetable, no harm can arise from their use in any quantity.

AYER'S
CHERRY PECTORAL,
For the rapid Cure of
COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

THIS remedy has won for itself such notoriety from its cures of every variety of pulmonary disease, that it is entirely unnecessary to recount the evidences of its virtues in any community where it has been employed. So wide is the field of its usefulness, and so numerous the cases of its cures that almost every section of the country abounds in persons publicly known, who have been restored from alarming and even desperate diseases of the lungs by its use. When once tried its superiority over every other medicine of its kind is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs which are incident to our climate. And not only in formidable attacks upon the lungs, but for the milder varieties of COLDS, COUGHS, HOARSENESS, &c.; and for CHILDREN it is the pleasantest and safest medicine that can be obtained.

As it has long been in constant use throughout this section, we need not do more than assure the people its quality is kept up to the best that it ever has been, and that the genuine article is sold by—
W. L. Hopkins & Bro., H. Bosworth & Sons, Agents Druggists in Milwaukee, and by dealers generally throughout the country.

BOWLING FOR THE MILLION!
The Nucleus of Pleasure Reduced to Five Pence
DURING THE DAY!
THE "BADGER STATE" SALOON TRIUMPHANT!

Roll away, bowl away, roll away all,
Set up the pins, boys, the price is but small;
Off with the coat, now, and roll up the sleeve,
And at it, my jolly lads—heave away, heave.

With the arm's muscles bare, for one hour, fling
Dull care to the air, and at five cents a string;
Roll away, bowl away, hearty and strong,
'Twill develope the man, and his life thus prolong

Who would sit moping all day in his chair,
When pleasure and profit, so rich and so rare,
Can be had, and that, too, at such a cheap rate,
At the Bowling Saloon of the old "Badger State."

Come, then, "Young America," foreigners, too,
Here's rolling and bowling—not just for the few,
But for old and for young, for little and great—
Come join in the fun at the old "Badger State."

Entrance both on Main and East Water Streets.
Look for the Red Light.
